RoHS (Restriction of Hazardous Substances)

Directive 2011/65/EU

Delegated Directive 2015/863/EU, 2017/2102/EU

Dear Sir or Madam,

The products marketed by FISCHER Mess- und Regeltechnik Measurement & Control Technology comply with the provisions laid down in Directive 2011/65/EU of the European Parliament and Council dated June 8, 2011 as well as Delegated Directive 2015/863/EU and 2017/2102EU issued by the Commission on 15.11.2017.

For electronic devices we confirm this in the form of an EU Declaration of Conformity.

Mechanical products such as pressure gauges or thermometers are exempt from RoHS 2011/65/EU so that we are not allowed to issue a Declaration of Conformity.

Order-related, we are able to confirm that a mechanical product complies with the material limits laid down in the RoHS Directive. Accordingly, you will be issued with such confirmation individually in respect of an article number.

Yours truly,

FISCHER Mess- und Regeltechnik GmbH

Andrej Dick
